

AWARENESS-RAISING WORKSHOPS

Baring Foundation Community Programme 2022-2025

“Our team at RWWA loved the human rights workshop and feel empowered ... We were able to look at the framework in a positive way, and as though it was for ALL humans. Having a case study that focused on an issue that we regularly face was genius. I can see the team are ready to start quoting the duties owed. **The narrative has definitely changed.**”
